

Software Developer

Detroit Windsor Tunnel LLC - Detroit, MI (DWT)
\$65,000 - \$75,000 a year – Full Time Employment

The Detroit Windsor Tunnel (DWT) strives to be on the cutting edge of the latest technologies. DWT offers a rewarding career by encouraging its staff to explore, innovate, contribute and grow.

Description

The selected candidate will be responsible for the development of new and existing web applications. This programmer position requires a strong knowledge of Web and Database technologies (Full Stack). As a secondary function the successful candidate will also be responsible for supporting our electronic toll collection system.

CORE DUTIES/RESPONSIBILITIES:

- Develop new, and enhance existing, web applications and implement Web and Database technologies (Full Stack).
- Grow and expand DWT's technologies by utilizing Node.js, REST APIs and Web Services.
- Frontend development (HTML, CSS, JS, jQuery, Angular).
- Backend development (C# and PHP).
- RDMS experience (Postgresql, MYSQL, MSSQL).
- Develop new or create enhancements to the Tunnel Mobile Applications.
- Database design, implementation and maintenance (Postgresql preferred).
- Support DWT's Toll Collection System, including development of 'next generation' software.
- Provide support for the electronic toll collection system.

Requirements

- Bachelors degree preferred, or Associates/Diploma in Information Technology, Computer Science, or related field with equivalent combination of education & experience.
- Familiarity with Linux and the command line.
- Experience with Node.js, REST, JSON and/or Web Services.
- Experience with database design, implementation and maintenance (Postgresql preferred).
- Prior mobile application development on any platform.
- 1 year + of professional frontend development experience (HTML, CSS, JS, jQuery, Angular).
- 1 year + of professional backend development experience (C# and/or PHP).
- 1 year + of professional RDMS experience, database design/upkeep (Postgresql, MYSQL, SQL).
- Proactive and motivated self-starter and able to work autonomously with minimal supervision.
- Ability to manage multiple projects and tasks simultaneously with ability to prioritize.
- Strong verbal and written communication skills and excellent organizational skills.
- Able to cross the US/Canada border in good standing, and possess valid driver's license.

DWT offers a competitive benefits package after a 90 day probationary period. Criminal background check and pre-employment drug screen are required to be completed, with success, before a formal offer of employment can be extended.
